

## X-ray System Accessories

MQS Technologies designs and manufactures a wide range of custom Industrial X-ray accessories

**Trolleys:** Suitable for use with both unipolar and bipolar X-Ray systems, trolleys are designed to accommodate all components of the system. They aid in quick inspection for mobile / on-field applications.

**Shielding Cassettes:** Used for minimising effects of scatter and leakage radiation on the electronics of the flat panel detector, these cassettes are fabricated based on the energy range and are available for energies upto 15MeV.

**Collimators / Shutters:** Suitable for use with X-Ray tube & Flat Panel detector, these programmable collimators are provided with controllers. They can be preset with values to enable quicker inspection especially for routine applications.

**Laser Centering Device:** Used for improving X-Ray beam alignment with the object, these devices play a key role in faster position setting of film or detector.

**Tripod Stands:** Tripod Can be designed to accommodate an X-Ray tube of any make and size. These stands can be configured to operate either in motorized or manual modes, depending on the inspection requirement.

## Our Clients

## About MQS Technologies

MQS Technologies (formerly MedeQuip Services) is a diversified firm with Design, manufacturing & maintenance capabilities that offers custom solutions for engineering & healthcare applications.

Focused on three business lines - Non-Destructive Testing, Aerospace & Defense and Healthcare, our USP lies in leveraging decades of multidisciplinary expertise in electronics, electro-mechanical, mechanical and software domains, to provide user-friendly products and services for a wide range of industries.

K K House, Plot No. B-35/1, Industrial Estate, Sanathnagar, Hyderabad - 500018, Telangana, India.
